## Welcome to the European Society of Clinical Microbiology and Infectious Diseases

The European Society of Clinical Microbiology and Infectious Diseases is a non-profit organisation whose mission is to improve the diagnosis, treatment and prevention of infection-related diseases. This is achieved by promoting and supporting research, education, training, and good medical practice.

### Information about Full Membership

This membership is open to all those interested and includes the following benefits:

- Voting rights (elections)
- Candidacy in elections
- Attendance to Assembly of Members
- Opinion Poll participation
- CMI online or CMI online + print
- Access to Online Lecture Library
- ECCMID reduced registration fee
- Membership directory (access online)
- ESCMID Guidelines (access to)
- ESCMID Manual of Microbiology (reduced fee) + electronic updates
- Online Lecture Library (access to)
- Attendance and travel grants (priority for)
- Postgraduate courses and Summer School (reduced fee)
- Excellence Award (eligibility for)
- Research Grant (eligibility for)
- TAE Excellence Award (eligibility for)
- ESCMID Observership Programme (eligibility for)
- Training and Career Platform (access to)
- EU Partner Search (access to)

### Costs of Full Membership

	1 year	2 years
CMI online only	EUR 58	EUR 106
CMI online & print	EUR 88	EUR 166

## 22nd ECCMID in London, Olympic city As a man sows, so shall he reap

22nd ECCMID at the ExCeL Centre in London

The European Congress in Clinical Microbiology and Infectious Diseases has just ended and ESCMID is enjoying the fruits of its labour throughout the year. A wonderful Opening Ceremony on Saturday, 31 March was held at the ExCeL Centre in London.

Jon Cohen, ECCMID president, opened the Ceremony followed by Jordi Vila, ECCMID programme director, who presented the outstanding statistics on the ECCMID 2012 participants:

- Number of participants 10'225 thereof 8'071 registered delegates, 1'555 industry representatives, 327 accompanying persons, 200 exhibition visitors, 72 press delegates
- Number of countries: 99
- Exhibition: 125 exhibitors, 2'941 m2 net area
- Number of sessions: 169 thereof 14 keynotes, 94 symposia and oral sessions, 19 meet-the-expert sessions, 19 workshops, 22 integrated symposia, 1 TAE Trainees day
- Press: 72 registered journalists, 3 press releases (media clipping to be published soon)
- Total of 273 hours of contact

Left: outgoing president Giuseppe Cornaglia and ingoing president Gunnar Kahlmeter at the Opening Ceremony

The outgoing ESCMID president Giuseppe Cornaglia greeted all participants and concluded by a warm "Grazie e arrivederci!"-English translation: "Thanks and goodbye!". Prof. Cornaglia welcomed the ingoing president Prof. Gunnar Kahlmeter, who joined him on the stage. Both will work side by side the next two years, leading a successful transition toward innovation.

## The scientific programme in numbers

- 3345 abstracts received (largest number [2011]: 3733)
- from 86 different countries
- 249 reviewers
- 38 topics, of which the most popular were:
  - Diagnostic/laboratory methods, other than mol (268)
  - Resistance surveillance (191)
  - Molecular bacteriology (179)
  - Public health & community-acquired infections (159)
  - Clinical epidemiology of nosocomial infections (148)

Türkiye'yi ve insanları çok seviyoruz

**POSTA**

TÜRKİYE'NİN EN ÇOK SATAN GAZETESİ

28 HAZİRAN 2008 CUMARTESİ SADECE HAFTA SONU 35 YKr (Kıbrıs'ta 1 YTL)

# 'İstanbul'un kenesi AB'ye girdi'

Doç. Dr. Önder Ergönül, Türkiye'nin kene haritasını çıkardıklarını, İç Anadolu ve Karadeniz'in güneyindeki kenelerin öldürücü, İstanbul'dakilerin ise tehlikesiz olduğunu söyledi. Ergönül, "İstanbul'un kenesi Avrupa ve Amerika'nın keneleriyle aynı. Hatta 'kenelerimiz Avrupa Birliği'ne girdi' diye şaka yapıyoruz" dedi

## '12 Eylül darbesinin ürünü'

**Teskilat kapatıldı**

**'Rahatça pikniğe gidin'**

Avrupa Klinik Mikrobiyoloji ve Enfeksiyon Hastalıkları Derneği (ESCMID), son dönemde artan kene ölümleriyle ilgili İstanbul'da toplandı. Toplantıda konuşan Marmara Üniversitesi Tıp Fakültesi Enfeksiyon Hastalıkları ve Klinik Mikrobiyoloji Anabilim Dalı Öğretim üyesi Doç. Dr. Önder Ergönül, Türkiye'nin kene haritasını çıkardıklarını söyledi. İç Anadolu ve Karadeniz'in güneyindeki kenelerin öldürücü, İstanbul'dakilerin ise tehlikesiz olduğunu söyledi. Ergönül, "İstanbul'un kenesi Avrupa ve Amerika'nın keneleriyle aynı. Hatta 'kenelerimiz Avrupa Birliği'ne girdi' diye şaka yapıyoruz" dedi

### Hastalığı yendi konferansa katıldı

Ankara Numune Hastanesi doktorlarından Tarık İrmak ve 3 hastane personeline, bir hastaya yaptıkları müdahale sırasında, kene ısırığının neden olduğu Kırım Kongo Kanamalı Ateşi (KKKA) hastalığı bulaşmıştı. Dr. Tarık İrmak hastalık belirtileri ortaya çıkar çıkmaz tedaviye başladıklarını ve iyileştiklerini belirterek, "Şu anda hafif bir yorgunluk dışında bir rahatsızlığım yok" dedi. İstanbul'daki "Ebola'dan Kırım Kongo'ya Viral Kanamalı Ateşler" konferansına katılan Dr. Tarık İrmak, "Her kene ısırığı olan hastaneye koşmamalı. Önemli olan ateş, kırıklık, eklem ağrısı gibi belirtiler başladığı anda geciktirmeden hastaneye gitmektir" dedi.

# “Saddam’ın keneleri PKK’nın eline geçti”

CHP’li Arıtman, “Saddam döneminde virüslü keneler üretildi. İşgalden sonra kenelerin akıbeti belli değil. PKK’nın eline geçmiş olabilir” dedi

## Keneden ölümlerin sayısı 50’yi bulabilir

Uluslararası konferansta kene virüsünden 6 ayda 30 kişinin öldüğü, yıl sonuna kadar bu sayının 50’yi bulacağı bildirildi

“EBOLA”DAN Kırım Kongo’ya Viral Kanamalı

Hülya KARAGLİ | ANKARA

Türkiye’de can almaya devam eden ve devlete zehir yapan Kırım Kongo Kanamalı Ateşi (KKKA) virüsü taşıyan kene için CHP İzmir Milletvekili Canan Arıtman çarpıcı iddialar ortaya attı. “Bir hekim olarak herkesi uyarmak görevim var. Söylediklerim komplote teorisi değil” diyen Arıtman, “Saddam kenelerinin nerede olduklarını öğrenmek istiyorum. Saddam döneminde laboratuvarlarda üretilen Kırım Kongo kenelerinin nerede olduklarını bilmek istiyorum” dedi. Arıtman’a göre,

### Her gün kene kontrolü

KONGREYE kenenin sürdüğü bir hastaya müdahalede bulunurken 3 meslektaşıyla birlikte virüs kaparak hastalanan Ankara Numune’den doktor Tanık İrmak da katıldı. Tedavisinin iyi geçtiğini belirterek, “Şu anda hafif bir yorgunluk dışında rahatsızlığım yok” dedi. İrmak, özellikle kırsal alanda çalışan halkın erken müdahale açısından günlük kene kontrolü yapması gerektiğini ifade etti.

### Evinde beş kene buldu

İSTANBUL Alibeyköy’de yaşayan Şişçi ailesinin oturduğu gecekondunun içinde 5 adet kene bulundu. Aile evde arama yaptıktan sonra belediye ekipleri tarafından

# Kırım kongoyu nasıl yendim?

**Kene ölümlerinin yıl sonuna kadar 50'yi bulacağı sanılırken hastadan KKKK bulaşan doktor, korku dolu günleri anlattı: Ateşim yükseldi, halsizlik başladı. Psikolojim bozuldu...**

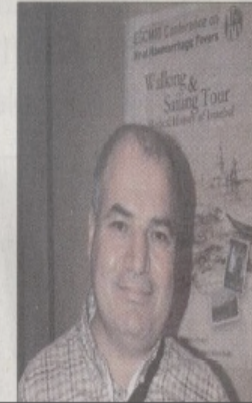

SERKAN OCAK

İSTANBUL - Bir hastaya müdahale ederken sıçrayan kan nedeniyle Kırım Kongo Kanamalı Ateşi (KKKA) hastalığına yakalanan Ankara Numune Hastanesi doktoru Tarkan Irmak, 'kene' konferansına katılan usadıkları melektaşları

zenlediği 'Ebola'dan Kırım Kongoya Viral Kanamalı Ateşler' konulu konferansa katılan 30 bilim adamı arasında biri vardı ki, bu hastalığı bizzat yaşamıştı.

Bir hastaya müdahale ederken 6 Haziran'da virüs kapandı Doktor Irmak, hastalığa nasıl yakalandığını ve virüsten tamamen nasıl arındığını Radikal'a anlattı:

viye başladık. İlaç, serum tedavisi ve bazı destek tedaviler uygulandı. Bende virüs miktarı fazlaydı ancak erken başladığımız için kurtuldum. Diğer arkadaşlarım da iyi. Hafif bir yorgunluk dışında iyi hissediyorum. Virüs bulaştıktan sonra psikolojik bozukluk dışında travmatik bir durum yaşamadım. Bir hafta hastanede yattım. Eve geldiğim ilk günlerde ailemle temas etmekten çekindim. Eşime çamaşırlarımı ellerken eldiven giymesi konusunda uyardım. Çocuklarıma uyarılarda bulundum."

  - Kadınlarda %38
  - Erkeklerde %18
- En sık rapor edilen cinsiyete bağlı ayrımcılık (%58)

# **Guidance on How to Balance the Scientific Programme of ESCMID-Related Educational Events**

*Issued by the ESCMID Parity Commission*

The Parity Commission has drawn up this guidance document in order to improve the balance of all ESCMID-related educational, professional and scientific activities in terms of gender and country of origin. The Commission believes that improved balance will significantly increase the level of quality of ESCMID activities.

We suggest as follows:

## **1. PROGRAMME/ORGANIZING COMMITTEES**

Given the international nature of our Society, all ESCMID educational, professional and scientific meetings are by definition internationally oriented. This requires well-balanced gender and geographical distribution within the Programme/Organizing Committee. All efforts should be made to ensure a fair distribution of members within the Committee in terms of gender (neither gender should represent more than 70%) and by geographical region (see ESCMID definition of geographical regions: Attachment 1).

# Kılavuz Döküman [www.escmid.org/parity](http://www.escmid.org/parity)

- ECCMID ve diğer eğitim programlarında adil bir düzenleme için yayınlanmıştır
- Program komitesi üyeleri içinde cinsiyet ve coğrafi dağılım açısından eşitlik
  - Herhangi bir cinsiyet %70'den fazla olamaz
- Konuşmacı dağılımında herhangi bir cinsiyet %60'dan fazla olamaz
  - ESCMID coğrafi dağılım bölgeleri %10'dan daha düşük oranda temsil edilemez
  - Genç bilim adamlarına öncelik verilecektir
- Oturum başkanları için de aynı kurallar geçerlidir

ESCMI Collaborative Centres and Observerships

ESCMI is launching two exciting initiatives – the ESCMI Collaborative Centres and ESCMI Observerships. The observerships will be funded opportunities for members to spend one day to one month at an ESCMI Collaborative Centre. These will be ID and/or CM centres of excellence in Europe. It is our hope and belief that this will help foster understanding and co-operation across borders and professional and academic exchange.

Observership application forms can only be posted on the ESCMI website when 30 – 40 collaborative centres are presented on the website. This will be a few months into 2009.

## ESCMID Observership

In order to facilitate international training and collaboration, we encourage our members to visit ESCMID Collaborative Centres (most often departments of infectious diseases and/or clinical microbiology) in other countries for one day to one month under the auspices of ESCMID. The Observerships should not primarily focus on research activities but rather on good clinical and laboratory practice.

### Funding

The Observer will be compensated with a maximum of EUR 1'200 for the Observership. ESCMID subsidises travel costs and subsistence for outside of country visits to a maximum of EUR 1'200 consisting of the following:

- maximum of EUR 500 for travel expenses (air ticket, train ticket, car expenses at EUR 0.30 per km)
- EUR 50 per diem (up to a maximum of 10 days)
- EUR 200 for administrative expenses (if charged by the host institution).

Payment will be made after we receive proof of incurred expenses.

For the first year the ESCMID Executive Committee has approved up to 50 observerships.

### Eligibility criteria

The programme is open to ESCMID members only, and a member may only receive funding for one Observership per year. There are no age restrictions. Members working at Collaborative Centres will be given priority. The Observership can only take place in Collaborative Centres and only outside-of-country visits will be sponsored. Every application for support is subject to review and approval by ESCMID.

### Application procedure

ESCMID provides an online application form for Observerships. Applications can

## Study Group Research Grants

### Purpose

These grants are exclusively available for official Study Group research projects in the fields of clinical microbiology and infectious diseases.

### Funding

The maximum amount granted per project is EUR 30'000.

### Eligibility criteria

The research project may be based on laboratory investigations, clinical studies, experimental animal studies, or a combination of these. Research must be carried out in Europe and as a collaborative project involving at least two separate institutions in two different countries. Applications will be peer-reviewed and the best projects will be selected based on the application and research proposal (for details see next paragraph).

Applicants must be principal investigators for the proposed research. The Study Group(s) involved must display full support of this proposal by written approval by the Chairperson, Secretary and Treasurer of the respective Study Group(s). The applicants must be ESCMID members in good standing. Members of the ESCMID Executive Committee are ineligible.

Proposals can be submitted and will be assessed throughout the year.

### What you need to apply

When submitting online, please have the following documentation ready.

- PDF-Document (Surname\_StudyGroup.pdf max 4MB) with: **summary** of your research project (1 page); **introduction** (objectives, background, rationale or purpose of the project); **research plan** (incl. design, material & methods, data
